

NEW!!

LOW VOC VINYL

Now all DreamScape vinyl wallcoverings feature low VOC formulation and comply with California IAQ-1350 standards for low VOC emission and Prop 65 Compliance. DreamScape continues to innovate, and we are proud to be the first and only printable wallcovering material for the digital industry to meet the new WA-101 standards.

This new formulation features the same ultra white surface and excellent printing characteristics as the original in all 14 textures.
